MINNEDOSA COLLEGIATE 2018-2019 ANNUAL COMMUNITY REPORT

PRINCIPAL'S MESSAGE

As another school year wraps up, we would like to share some of the highlights that have taken place throughout the 2018 – 2019 school year. Our school has been very busy this year with many school activities, groups and athletics. Students have had opportunities this year to engage in many diverse activities that help them to grow and develop into the leaders of tomorrow.

I'd like to wish the Class of 2019 all the best as they take on their next opportunities. I am certain you will do well with whatever new adventures head your way. Graduation Day was a celebration of all your past accomplishments, and I look forward to hearing about all the accomplishments in your future.

I continue to be thankful for the direction and support of the talented staff at MCI. Your dedication to the school and the students is commendable. Thank you for sharing your love of learning with the students.

I would also like to thank all the parents for their continued support over the past year. Thanks for answering our calls and supporting your children with their academics and extracurricular activities.

To the students, I wish you a summer filled of rest, relaxation and a bit of adventure. Enjoy the break, I look forward to seeing you again next year.

Mrs. DeMontigny
Principal

MCI Class of 2019

M.C.I. Undergraduate Awards

Friday Sept. 6th at 11:15 am

Families and
Community Members
are Welcome to share
this assembly with our students.

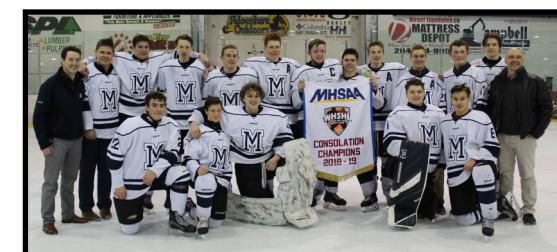

CHANCELLOR ATHLETICS REPORT

We had another successful year for MCI Athletics by winning numerous Zone events and sending over 40 athletes to provincial competitions throughout the province. Some of the highlights include: Girls Soccer, Girls Volleyball, Girls Rugby (Champs for 3rd in a row), and multiple individual athletes at Golf, Cross-Country, Badminton and Track and Field Provincials respectively. Our Chancellor Hockey team brought home the League banner on the consolation side.

Our 4 MCI Members of the
Girls Rugby Provincial Champs: 3-peated!

MCI would like to thank all of the volunteer hours that our staff put in to make the Minnedosa Chancellor athletic programs successful. Our coaches and managers from both staff and the community, put in countless volunteer hours that make it possible to offer a wide variety of sports to MCI students.

MODEL UNITED NATIONS

Trinity Nylen and Erik Barrett represented Viet Nam at the 62nd annual Model United Nations Assembly in Winnipeg. The Assembly is held at The Canadian Mennonite University Campus and is sponsored by the Winnipeg Rotary Club. Students from Manitoba, Saskatchewan, Northwestern Ontario, North Dakota and Minnesota attended. The Minnedosa delegation addressed the General Assembly sponsoring a resolution to prevent an arms race in space and also drafted a resolution that Crocs become the official footwear of MUNA.

HOMEWORK CLUB

MCI ran a Homework Club throughout the 2018-2019 School Year, which gave students a quiet space to work on any homework throughout the semester and have an MCI staff member help them when needed. This was offered on Monday, Tuesday, Thursday, and Friday during the lunch period in Room 3. There were not many students that utilized this opportunity, but those that did found great value in it. There will be Homework Club again next year, running the same days with a new name: Lunch & Learn!

RRSD CHANGE MAKER'S SUMMIT

Twelve MCI student leaders acted as hosts and crowd energizers for the first ever RRSD Change Maker's Summit in May. This event was a showcase for student social justice and sustainability groups in our division.

STUDENT COUNCIL REPORT

Student Council 2018-19 began with election in September. The group of eight students in grades 10-12 chose to group activities into spirit weeks rather than 1 event each week. This decision received positive feedback in a survey held mid-year. The group lists the following items on their "hits of the year" list:

- Purchased and installed mirrors in changerooms
- Added vending machines to MCI
- Record # of grade 9s at holiday hangout
- Hunger games - new grade wars theme
- Amazing Race - new grade wars theme
- Family feud for full school - great despite tech issues
- School-wide kahoot!

Student council elections for 2019-20 will take place in September with voting on September 18th.

Student Council Executive 2018-19

P.R.Y.D.E. GROUP

The PRYDE group meets weekly in the library to discuss human rights issues related to gender equality, creating a safe and inclusive school space/community, understanding issues that arise from homophobia and transphobia and challenging some of our belief systems about the world.

Meetings are open to all students, and they are informal. Students can bring topics to the table or ideas that they have to improve our school environment.

Some events that PRYDE promoted this year are; "Take What You Need" board, a therapy dog, Mental Health clothing sale, Day of Pink and Jello/bake sales. PRYDE wrote letters to government about having gender neutral bathrooms available in public buildings, the group looked into a "health locker" for the high school, and we brought in speakers to join us at lunch to cover a variety of mental health issues.

MINNEDOSA COLLEGIATE FOUNDATION

(a youth in philanthropy project)

The Minnedosa Collegiate Foundation granted over \$3000 to deserving community groups this year. The recipients were: Minnedosa Community Child Care Co-op, The Minnedosa Band Parents' Association, Minnedosa Performing Arts, and Minnedosa Collegiate Institute Alumni Project. The MCI Foundation was established in 2017 as a partnership between The Minnedosa and District Foundation, The Thomas Sill Foundation and Minnedosa Collegiate Institute. The Minnedosa Collegiate Foundation offers grants to community organizations, while teaching students about the process a community foundation undergoes to support community endeavors. The Minnedosa Collegiate Foundation is completely youth lead under the

CAREER PREPARATION & EXPLORATION - MCI

This was a busy year for the Career Preparation & Exploration program. We sent over 60 students out on work placements between Grades 10 and 11, 41 Grade 9 students participated in Take Our Kids to Work Day.

Our students had the opportunity to explore a variety of careers while participating in their placements. Students explored the trades, healthcare, hydro, environmental studies, law enforcement, education and many other areas. This year we had over 100 employers host our students and to them, we would like to send out a special Thank You! Without the dedication and support that each business brings this program wouldn't be as successful as it is.

We had a number of students participate in the Credit for Employment Credit. The Credit for Employment gives students the opportunity to earn credits for learning valuable basic work skills in a paid position. Students can receive one credit at a Grade 11 level and one credit at a Grade 12 level.

Aside from work placements students also participated in a number of events and presentations throughout the year. Some were targeted to a specific student interests while others were open to all students. Some of these activities included:

Post-Secondary Consortium/Career Day, Universities and Col-

leges from across Manitoba, Manitoba Hydro, Corrections, Canadian Armed Forces, Skilled Trades, Journalism, RCMP, Manitoba Infrastructure and Transportation, Chartered Professional Accountants, RBC, Brandon Career Symposium, Winnipeg Construction Expo, Safe Workers of Tomorrow

Thanks again to our community and all the businesses that help support this program!

High School Apprenticeship Program

The High School Apprenticeship Program allows students to work in a Red Seal Trade while gaining high school credits along with hours that they can use towards their Post-Secondary Apprenticeship program. Plus, students get paid! This is a great program for students who are eager to get into the work force and have a strong interest in the trades.

This year we had 1 Grade 12 student participate in the program, who will continue with the program and pursue technical training. In Grade 11 we have 1 student starting the apprenticeship program. Many students have shown a strong interest in the Apprenticeship program and it's only going to grow over the years.

We would like to send out a big Thank You to our employers! Your support and dedication to our youth is greatly appreciated!

FROM THE BAND ROOM

The MCI Band had an excellent year, travelling to Winnipeg in February to perform at the Optimist Festival and to Brandon in March to perform at the Brandon Jazz Festival.

Next year the band hopes to travel to the Edmonton Cantando Festival. We appreciate the efforts and support from the Band Parents' Association in fundraising for this trip!

C.H.A.N.G.E. COMMITTEE REPORT

Our C.H.A.N.G.E. Committee had 13 members in 2018-19 that completed a 4 service/awareness activities and 12 fundraising activities. The group had 13 members in 2018-19. The largest fundraising event was the family carnival held on May 25. Donations totalling \$2,826.24 were made which included \$194.70 to Free the Children, \$1121.77 to Shelterbox International, \$1,060.50 to Minnedosa Food Cupboard and \$350 to Kiva.org (a microloan organization).

AUTOMOTIVE TECHNOLOGY 2018-19

Our Automotive Technology program at MCI has wrapped up for another successful year. Over the year our program awarded 71 credits to our Automotive and Outdoor Power Equipment students.

All other students received credit for successfully completing the courses they studied in all grade levels which included operation, maintenance and repair for many of your automotive systems like engines, transmissions and drivetrains, brakes, steering and suspension and climate control to name a few.

Some of our highlights this year were competing in the Manitoba Skills Competition this year with two students in the Outdoor Power Equipment contest and awarding our Top student in grade 12 with many gifts and awards for their achievements. Wesley Warkentin and Matthew MacDonald completed the skills competition with 4th and 6th place rankings, respectively, among 12 students from around the province. Our top senior student of the year, Matthew MacDonald, also achieved Level 1 accreditation for the Automotive Technician program. Well done Matthew! All the best in your future mechanical career or endeavors!
